CHAMBER OF COMMERCE. Weeting Vesterday-Reports Present

ed as to the Southern Pacific Railway, with Memphis as its Eastern Terminus-Other Business Transacted.

At half-past three o'clock yesterday the chamber of commerce met in regular meet-ing, and transacted the following business: The meeting was called to order by President Eiseman, Mr. John S. Toof acting as secretary. After reading the minutes, a communication was presented from the Nashville merchants exchange as follows:

NASHVILLE, TENN., April 6, 1878. The merchants exchange, of Nashville, met at three o'clock to-day, President M'Guire presiding. The committee appointed at the last meeting of the exchange made the following report, which was unanimously adopted: WHEREAS. We believe that the exigencies

which at the time existed for the passage of the law of March, 1865, imposing a tax of ten per cent, upon the circulating notes of othe than national banks, does not now exist; and whereas, we believe a large majority of the people of this country look upon the law as unjust, to say nothing of its conflict with the constitution in discriminating unfairly in favor of a certain class of corporations; and whereas, we believe that it deprives the coun-try of a large amount of capital which would, f not thus restricted, seek employment in the banking business; and whereas, we believe that much of the financial distress and many of the failures in business, of which we have

daily advices, are due to this cause: Resolved, Therefore, that it is the sense of this exchange that this law should be re-

Resolved, That copies of this preamble and resolution be forwarded to our senators and epresentatives in congress. The above was referred to a committee. A communication was also received from the chamber of commerce of Richmond, Virginia, heartily indorsing the Memphis chamber of commerce and cotton exchange in urg-ing in congress the advantages of making Memphis the eastern terminus of the Southern Pacific railroad. In this connection Superintendent Toof announced that he had reseived and had forwarded to our representaive in congress the proceedings of twelve public mass-meetings, held in Tennessee Alabama and Mississippi, together with copies of the memorial of the Memphis chamber of commerce, signed by nearly five thousand names of citizens of Tennessee, Arkan-sas, Mississipsi, Alabama and Virginia in behalf of the Southern Pacific railroad, with Iemphisas the eastern terminus. A letter from Hon. Casey Young was read, acknowledging the receipt of the same, and assuring the members of the chamber and citizens of Memphis generally that he would use every effort to secure Memphis as the eastern ter-

minus of the Southern Pacific railroad in any bill that may pass congress, etc. The committee on freight discriminations reported progress, and asked until the next meeting to present a written report, which

was granted.

Mr. D. P. Hadden, chairman of a special committee, made the following report: To the Memphis Chamber of Commerce The undersigned, your committee to whom was referred communication from Cairo chamber of commerce in regard to Senator Cockrell's bill lately introduced in United States senate, beg leave to report that we recommend that the secretary of our chamber acknowledge reception of communication and procure signatures of the members of the chamber to the petition accompanying said communication, and forward the peti-tion to our senator at Washington. We were also appointed as a committee to examine report of action of the Cincinnati chamber of

ommerce in regard to a bill before congress to authorize the construction of a bridge over the Mississippi river at Memphis, and recom-mend that the printed report of the action of the Cincinnati chamber be forwarded to our representative at Washington, Hon. Casey Young, with request that, if he thinks any action advisable on the part of this chamber

ction advisation of this matter, he will regard to this matter, he will secretary. Very respectfully, W. W. SCHOOLFIELD, J. F. FRANK, Committee. President Eiseman announced the following committee on quotations for the current month: J. B. Poston, J. W. Avery, A. B. Treadwell, L. Hanauer, E. C. Buchanan. On motion, the chamber of commerce ad-

journed over to the next regular meeting, the first Monday in June.

THE SOUTHERN PACIFIC. Mississippian Fails to Recognize the Claims of Vicksburg as its Eastern Terminus, but Acknowledges the Superior Advantages Memphis Pes-

Competitors.

Sardis (Miss.) Star, 4th: We have had ery little to say upon this subject. Our sience must not be construed as an indication f indifference. We have said little, but have thought more. To be candid, we have had little hope of the present success of the enterprise. Having long understood Speaker Randall to be opposed to it, and seeing a very manifest and decided opposition upon the part of leading Democratic journals north, we deemed these facts, together with the elvation of Mr. Randall to the speakership as satisfactory proof that the Southern Pacific had little or nothing to hope for from con-gress. We are for it heart and soul, and whenever we see that a lick will tell in its behalf, we shall put it in, and every one we can find a place for. Just now, however, we have this to say: We are a Mississippian, and it might be supposed would favor the Vicks-burg (because of being a Mississippian) over any other route. This might, and probably would be presumed if we remained silent That our position may not be misunderstood, therefore we desire to say that with all our State pride-and we have our share-we nevertheless believe that Memphis is the proper eastern terminus of this great transontinental thoroughtare. Indeed, we may go farther, and say that in our opinion, it is the only proper one. St. Louis has never been regarded as a southern city, nor Missouri as a southern State; though in ante bellum times, slavery existed there; and they have already direct connection with the Pa-cific coast via the Union and Central Pacific railroads. To make it the eastern terminus of the southern, would be virtually to cut out the Gulf and Atlantic States of the south

altogether. Vicksburg is too far down, while a town of more commercial standing and respectability, perhaps, than any other in Mississippi, is far from being a commercial or railroad center, and could never be made either by the South-ern Pacific railroad. Memphis is destined to be, if she is not already, the great interior city of the southwest. She has railroad com munication with the Atlantic via Savannah, Charleston, Norfolk and Baltimore, and with the north and west, as well as the south, by her different railroad lines. So that she is J. G. Andrews ... master | B. O. Michell clerk Leaves Memphis every MONDAY, WEDNESDAY and FRIDAY, at 5 p.m., for Bandolph, Fulton, Osco-ola and Ashport.
